EDUCATION

University of Hong Kong | Jockey Club Scholar **|** *BSc&MRes Science Master Class* 2025 - 2029

Molecular Biology and Biotechnology (**GPA 3.80/4.30**)

EXPERIENCE

HKU Summer Research Fellowship 2026 Jun - Aug

Student Researcher

- Explores spatial single cell RNA-seq data in ovarian carcinoma metastasis with R
- Investigates spatial relationship between non-metastatic and highly metastatic subclones

International Genetically Engineered Machine (iGEM) | Team PuiChing_Macau 2022 - 2024

Team and Lab leader

- Led team and won **First runner-up (2/89 teams)**, Best Hardware and Best Sustainable Development Project
- Developed pH regulating system in hydroponics to improve food availability [2022: Gold Medal]
- Designed Foster Resonance Energy Transfer DNA break biosensor to detect carcinogens [2023: Gold Medal]
- Engineered essential oil extraction method of using thermostable enzymes, commercialize personal care products with local factory and Wynn Macau *[2024: Silver Medal]*
- Wrote iGEM Impact Grant **USD 2,500**; Raised **USD 1,500** by selling iGEM project hydroponic kit

DocAI Technology Pte. Ltd. 2023 - 2025

Project Manager

- Identified, documented and solved 30+ problems w/ engineers of business analysis application KonnecAI
- Developed a single cell RNA sequence AI agent with R and API tools to assist users learn and analyze data
- Regional ISEF qualifying fair finalist, first-level award

MIT How To Grow Almost Anything Course (HTGAA) 2023 - 2025

Global TA lab lead

- Helped coordinate class over 500+ participants
- Designed Pipetting lab module experiments and teaching materials

University of Macau 2023 summer

Summer Research Intern

- Worked with PhD students to research on ACSL1-mediated metastasis
- Cultured ovarian & breast cancer cell lines and conducted cisplatin resistance test

EXTRACURRICULAR ACTIVITIES

The Ramblers' Club, HKU 2025 - Present

Publication and Publicity Secretary

- Designed and sold product "Hiking Omamori", net profit **HKD 5,000 in one month** and over 16,000 views on Threads
- Created posts and videos with average 5,000 views (50,000 views/ month) on social media account @hku_ramblers

HONORS AND AWARDS

Hong Kong Jockey Club Chairman Scholarship, *Full Ride* 2026

Advanced Placement Scholar, *Distinction* 2025

British Biology Olympiad, *Global Silver* 2025

Imperial College Science and Innovation Competition, *Top 3 (global finalist)* 2023

Cambridge Transcending Ideas Essay writing Competition, *Second Prize (Engineering and Sustainability)* 2022

SKILLS AND CERTIFICATES

Language: Mandarin Chinese (Native) | Cantonese (Native) | English (Proficient, IELTS 8.0)

Software: Microsoft Office (Excel, Word, PowerPoint), AI agent

Programming / Modelling Skills: Python, R, SQL, HTML
